Our Barns & Grounds

There are two beautiful restored barns on the site, one of which dates back to the Tudor period, and within them very flexible seating layouts are available. There is space for up to 150 people in a theatre-style arrangement or 10 in a boardroom arrangement.

Both our barns have their own individual style. The Tudor barn has the benefit of being 'L' shaped to allow for smaller, more intimate events. The Granary offers a larger, airy space and has its own private courtyard, boasting a large medieval-style round table with rustic chairs.

Just outside, delegates can fuel their creativity and productivity by wandering our 70 acres of lush green meadows, scented gardens, bluebell abundant woodland and peaceful lakes. If you have outdoor team building activities planned Blackstock has more than ample space to accommodate your team surrounded by breathtaking views. This backdrop can provide your business with light, space and fresh air to encourage a productive yet relaxed atmosphere away from the office that doesn't have the distractions or drawbacks of an urban or hotel-based retreat.

Our Service

At the Estate the friendly and professional staff are dedicated to ensuring every event goes smoothly and their attention to detail means that no stone is left unturned on behalf of your business. There are excellent catering facilities on site, which can offer anything from canapés, to a full four-course meal, to a BBQ and or hog roast. So no matter the type of organisation or event, there is a catering option to suit - if your company has something to celebrate, whether it's an awards ceremony, a new product launch or a staff get together we pride ourselves on offering a service which is simply second to none.

Exclusive Use

Don't forget, there's no better way to make your meeting or event memorable than by booking exclusive use of the Blackstock Estate. Enjoy total privacy, the undivided attention of our staff and the run of the entire estate for an entire day.
